The Coalition

The Rochester Jewish Coalition for Literacy was initiated in 1999 by the Jewish Federation of Greater Rochester to address the growing concern of illiteracy among our community's children. At that time volunteers worked in one elementary school assisting children with their reading skills. Thirteen years later, the RJCL has placed over 170 volunteers in 14 different Rochester city elementary schools enhancing literacy skills and fostering a love of reading and learning. In partnership with Faith In Action Network, the Coalition is committed to building confidence and literacy in emerging learners, widely recognized as the cornerstones to achieving independence.
